

**Lisanne Valks**  
Analyst

### **Professional Background**

Lisanne joined Quanter Global as an intern during her studies of Tax Economics at the University of Tilburg. The collaboration worked out well for both sides, and Lisanne joined Quanter Global as an Analyst on 1 September 2017.

Lisanne's work experience naturally lies in the area of transfer pricing, from benchmarking to compiling local and master files for various companies in different industries.

Lisanne likes to get to know the client in-depth in order to provide them with the best possible transfer pricing advice.
