

**Mike van Vuuren**  
Junior Analyst

### **Professional Background**

Mike van Vuuren joined Quanter Global in 2017 as an intern during his study of Tax Economics at the University of Tilburg. The collaboration worked out well for both sides, so Mike started working for Quanter Global as a Junior Analyst in January 2018.

Mike's work experience naturally lies in the area of transfer pricing, from benchmarking to compiling local and master files for various companies in different industries.

Mike is a team player and likes thinking out of the box. He has a hands-on mentality and performs his work with a great eye for detail.
