

Juliette Rutten
Analyst

Professional Background

Juliette Rutten joined Quanter Global in October 2018 as Analyst. Before starting in the field of Transfer Pricing she gained experience on Dutch employment taxation as an intern at one of the big-4 companies.

Juliette's work experience naturally lies in the area of transfer pricing, from benchmarking to compiling local and master files for various companies in different industries.

Juliette wants to provide the client with the best possible transfer pricing advice by getting to know clients in-depth and working with an eye for detail.
